

KARI

Dear KARI,
We are class 2/3J at Busby Public School.

We would like to thank you for donating money to help us go on our excursion to Muru Mittigar.

We travelled on a bus , we were lucky enough to watch a movie , Cars, on the bus. Watching the movie was exciting and it made the trip to Penrith fun.
It was a long trip because we got lost ! We got off the bus .

When we arrived there we had our recess and then we went to our first activity. That was listening to someone play the didgeridoo. It was really interesting, we also learnt about how women carried their babies and collected food at the same time.

Our next activity was boomerang throwing. We all got lots of goes at throwing a boomerang, it was lots of fun.

Our last activity for the day was painting. We got to do a dot painting on a huge piece of paper. Everyone in our group had a stick and we were all able to paint a bit of the paper using black, red, yellow and white paint. After the painting we learnt about how some artists paint emu eggs. We learnt how they put a hole in the egg shell and blow out the egg. Then artists can paint on the egg. It looked really great.

That ended our day and we got back on the bus again.
This time we had the bus that didn't have a DVD player. That was a bit sad.

When we gat back to school everyone was really tired and ready to go home.

Our excursion was lots of fun.

Thank you for your donation – we feel lucky that you sent some money to our school.

From students in 2/3J.
